

Practice mindfulness and de-stress with coloring

Coloring is a healthy way to relieve stress. It can help the body relax and calm your mind. Here are some additional ways to help manage stress:

- 1. Enjoy simple pleasures**
Look for opportunities to do things you enjoy, even if it's just for 15 minutes every day.
- 2. Use positive self-talk**
Frame your thinking around success, rather than failure.
- 3. Let things go**
Some things aren't worth sweating over. Reward yourself for a meaningful accomplishment — instead of being hard on yourself for not getting everything done.
- 4. Take a break from the situation**
Go for a walk or take three to five deep breaths to help clear your head.
